Between March 18, 2011-March 23, 2011, the undersigned and the Examiner participated in several telephone conversations concerning the present application. These telephone conversations were originally initiated by the Examiner inquiring on whether Applicant would be willing to agree to an Examiner's Amendment in order to expedite prosecution of the present application to allowance. The Applicant proposed several amendments to the Examiner, one of which was agreed to and entered into the application in connection with a Notice of Allowance mailed on April 4, 2011. With regard to each proposed amendment, Applicant expressly noted such amendments were being proposed without prejudice and Applicant expressly reserved the right to further prosecute the claims, as previously pending or earlier proposed, in a timely-filed continuation application.
